**ISSUE:**

This Resolution approves an Interlocal Agreement with the City of Taylorsville to facilitate the construction and shared ownership of an animal control services facility.

**SYNOPSIS:**

By the terms of this proposed agreement, West Valley City and Taylorsville will proportionally share the costs of construction and ownership of a new animal control services facility. Pursuant to the terms of the Agreement, Taylorsville will make annual payments to the City to cover its proportionate share of the bond that was issued to construct the new animal shelter.

**BACKGROUND:**

West Valley City and Taylorsville have previously entered into an interlocal agreement for animal control services and through that agreement the City currently provides those services to Taylorsville. This agreement extends that shared services concept to the animal control facility itself, which will be jointly paid for and owned by the two cities.

**RECOMMENDATION:**

It is the recommendation of the City staff that this resolution be approved.
